

## **Testimonial for Barry Chou**

I first met Barry at a manufacturing symposium where he served as both emcee and moderator for a panel discussion. I was participating as a panel member alongside senior industry leaders from the private sector and the union. Barry moderated the session very proficiently, demonstrating a strong grasp of the subject matter and the dynamics of the discussion. His summaries of each panelist's sharing were succinct, thoughtfully framed, and helped bring clarity to the audience.

It was also a pleasure to have Barry emcee one of my association's launch events and moderate a discussion with women leaders. The event was attended by a corporate audience as well as IHL students. Barry set the tone confidently on stage and elevated the overall atmosphere, while skilfully easing the panelists into their sharing and pacing the discussion effectively.

Overall, Barry brings a rare combination of professionalism, warmth, and presence to the stage. He is articulate, well-prepared, and able to connect seamlessly with both speakers and audiences across diverse profiles. I would confidently recommend Barry for emceeing and moderating roles, particularly for industry, corporate, and thought-leadership events.
